OUR SERVICES

Utter-Most Investments cc follows a Solutions Methodology that allows us to build partnerships for life with our clients.

This philosophy is achieved through committed and skilled team of staff that ensure that solutions are tailored for the specific needs that our clients require.

Our range of services form the foundation of the service levels and solutions which we offer to our clients are as follows:

- Civil Engineering Services
- Structural Engineering Services
- Transportation Engineering Services

Construction Project Management

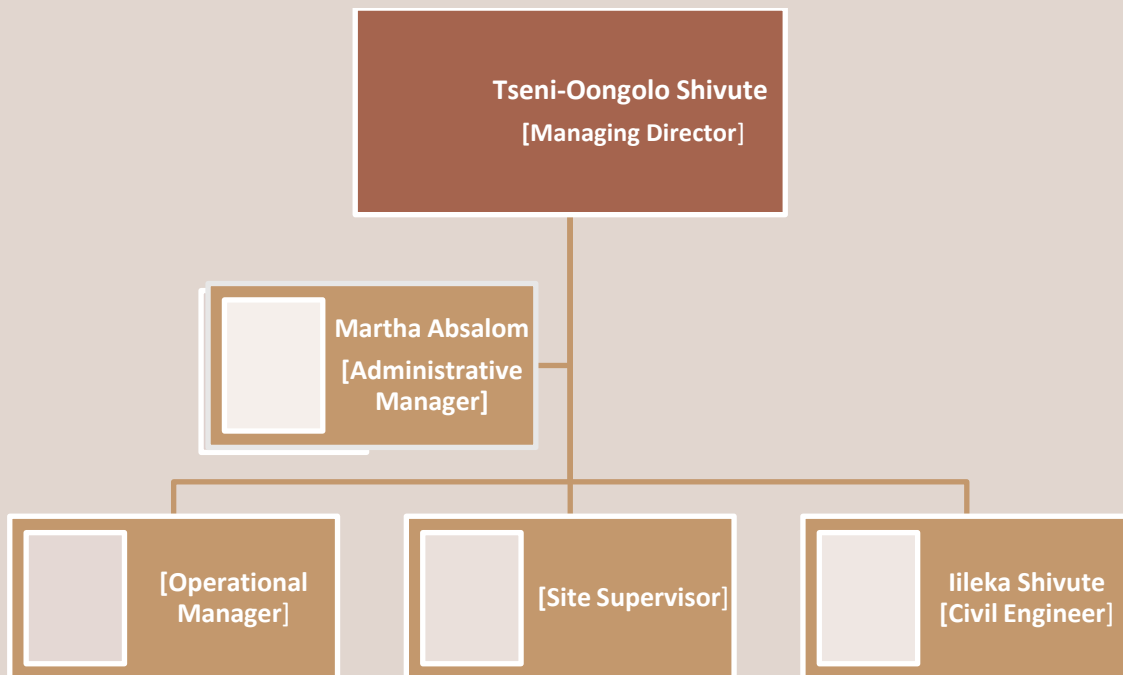

We take care of the entire construction project from initiation, planning, execution, monitoring and closure. Our job is to ensure that the 3 main factors of your project are balanced – cost, scope and time in order to achieve a quality product and service. Our project management service elements include:

- Client contract drawing
- Scope & deliverables statement
- Budgeting
- Scheduling
- Monitoring & quality assurance
- Real-time collaboration & feedback
- Project status / closure reports
- Subcontractor relations & contract management
- Procurement

We implement most aspects of our project management elements in the specific services that we offer, from simple bathroom renovations to complete building construction.

- Designing
- Plumbing
- Tiling
- Painting

ORGANIZATIONAL CHART

Our organisation has the following strategic management model:

- Continuous Improvement Training Program
- Time tracking or time keeping policies
- Supervision policies
- Chemical or equipment lines used for cleaning
- Waste disposal Management System
